NOVEL SCHEME FOR ELIMINATION OF THE BISBEE BOOTLEGGING

Bucknam Will Gather Small Assemblies Every Night, With One Exception, During Comink Week.

A. H. Bucknam has a new scheme for interesting the people of Bisbee in the matter of eliminating the bootlegging. The dry worker will meet not more than twelve people, every night except Tuesday, during the coming week at the Y. M. C. A. and will discuss with them the best means for a campaign against the law breaking. "How shall we handle the bootlegging question?" will be the subject of the meetings," said Bucknam last evening.

"But that means the study of many things closely allied," continued the prohibitionist. "If any one has a suggestion to make, send it to one of the meetings or come in person and make it there."

"To cut wood we need the ax, the

handle and the wedge. To stop liquor selling we need the law, the officers and the people. We have the law—the officers but we haven't the people—and we need them, just as certain as, to successfully split a log, an ax, the handle and a wedge is needed.

"The meetings will take on the nature of small meetings. I think the best results can be obtained in this matter. We can accomplish something by concentrating. A great many interesting things will come up before these meetings and I am sure they will be helpful, instructive and entertaining."

Bucknam stated that he was expecting a good attendance at all of the meetings and gave the assurance that something for the good of Bisbee would emanate from them.

INVITATION IS HAD FROM DOUGLAS ELKS FOR GROUND BREAKING

Ceremony of Breaking Ground for Douglas Elks Home Will Be Held November 11; Bisbee Elks Invited to Attend.

Local Elks have received a cordial invitation from the Douglas lodge to attend the ground breaking ceremonies for the Douglas home next Thursday evening. A special meeting with initiation is to be held first and following the ceremonies a big spread is to be served and it is promised that the grazing will be of the best.

Eleven enters largely into the ground breaking of the Douglas Elks. The ceremonies will be held at eleven o'clock and on the eleventh day of the eleventh month. If it were possible to bring in any more eleven they would have made arrangements accordingly, but they cannot see how any more eleven can be corralled.

No action looking toward a concerted trip to Douglas was taken by the Bisbee lodge at their regular meeting Friday night but it is suggested that as many members as may be able to do so make the trip and it is deemed probable that a party or perhaps several parties will be organized to motor over.
